

We are pleased to
announce the arrival of...

TRI-COUNTY'S PATIENT PORTAL!

Reaching the office has never been easier - everything is online!

Tri-County's Patient Portal provides you with convenient online access to help you manage and maintain your health care. Our Portal is designed to provide secure communication between you and your doctor's office.

Here are some of the services you can take advantage of through the Portal, in the convenience of your own home:

- Send secure messages and questions to the office
- Safely request and view test results
- Request appointments and referrals
- View medical history information
- Complete clinical forms from home
- Make payments online
- Submit feedback through our online survey
